AFMAN 15-111, 1 September 2000, is supplemented as follows: (This supplement does not apply to Air National Guard and United States Air Force Reserve units.)

SUMMARY OF REVISIONS

AFMAN 15-111 prescribes basic observing fundamentals and terms and establishes aviation code forms for recording and disseminating METAR/SPECI/LOCAL weather observations.

2.3.4.1.1. (Added) In addition, a written agreement will exist between the weather unit and the agency providing the AOS location. This agreement should clearly identify what equipment and facilities will be reserved for use by weather personnel.

2.3.4.3. (Added) Units will test their ability to relocate to the AOS at least once per quarter. Practice relocations will be documented in a MFR.

2.3.4.3.1. (Added) Relocations to the AOS under “real-world” conditions can be counted toward this requirement.
